Don't forget to expand on these comments in the feedback box below

The feedback box is for you to

- i. Give a clear picture of what you saw.
- ii. Expand on what was not observed on the end result.
- iii. Explain what is needed to bring the performance up to standard.
- iv. State why you did not feel it was not up to standard and NYC.

If the feedback box is left blank, the evidence will be deemed insufficient.

Feedback/ comments:

Questions asked and answers given to verify evidence:

Was the evidence valid? Did the product produced meet the assessment criteria?

Was the evidence authentic? Did you physically see the trainee produce the piece of work or collect a witness statement which confirms the work was produced by the trainee?

Was the evidence current? Was the evidence produced in the past three years?

Was the evidence sufficient? Were the assessment criteria met in full by this end result?
